Licensed Software

No.	Software	No. of License
1	CAD MODELING SOFTWARE; Solidworks Education Edition	200 user's license
2	Electrical Power System Analysis and Design Software-PowerWORLD.	20 user's license
3	Cam Software; Master Cam 2019	4 user's license
4	Engineering System Design and Analysis Software, LabView National Instrument	50 user license Academic Site License
5	Circuit Analysis & Simulation Software, Multisim, National Instrument	50 user license Academic Site License
6	Visualization and Rendering Software -3d; Lumion 9	2 user Educational Professional Free 50 user Student Version
7	3d Modeling Software; Sketchup Pro, Trimble	5 user's license
8	Software for Simulation of Automation Applications; Autosim200, Shoketsu SM Corporation	8 user's license
9	Computer Aided Design Software 2d / 3d; Autocad Educational License Software, Auto Desk	50 user's license
10	Structural Analysis and Design Software 3d; STAAD	50 seats
11	Automotive Application Software; Toyota Finished Vehicle Simulation Teaching Software, Fxb Co., Ltd	1 user classroom online license
